

Focused Training on Pancha-Prana & Physiology of Yoga Exercises

Transform Your Teaching Practice with a short 11-Hour Course

Experienced Yoga Guru, Sanjeev Krishna of Dubai, says: "There is no other course like this in the world. It is essential to truly understand yoga."

Padmaja, a yoga teacher from Texas, trained in the tradition of SVYASA (200 hours) and Krishnamacharya (500 hours) notes: "This is very different and much more advanced than what I have done and am very curious to know more. I am lifelong learner."

Hear from Anupma Mangla, a yoga teacher from California and others in the video link below.

What You'll Learn:

- ✓ **Spinal Alignment & Five Prana Vayus:** Explore the Pancha-Prana system and its relationship to yoga. Physiological and Prana impact of spinal alignment and stretches.
- ✓ **Pranayama:** Understand the physiological and Pancha-Prana effects of breathing techniques.
- ✓ **Chair-Based Pranakriya:** Demonstrate and experience Pancha-prana effect of simplified and effective kriyas.
- ✓ **Chakra Practices & Meditation:** Learn the interaction between chakras, prana vayus, and meditation practices.
- ✓ **Sequencing Yoga Practices:** Learn to sequence practices to maximize impact of Pancha-Prana for Chitta Shuddhi (cleansing of Naadis).

How You'll Learn:

- **Expert Instruction** of Naadis and Pancha-Prana communication in each type of Yoga Practice
- **Hands-On Practice:** Over 50% of course time is spent in demonstrations and guided practice.
